A word from CEO - Greg Breunich

Welcome to Club Med Academies. In the ever changing landscape of student learning and development, discovering the optimal way to help students maximize their talent capability and realize their potential, is no easy task. However, after over 40 years of developing some of the best performers in the world we have shaped our delivery and curriculum into a Learning Model that simplifies the process by focusing on the passion of the individual and supporting that passion with other fundamental learning elements to make the process of learning more efficient for the student.

I invite you to take a look at our Learning Model and Training Programs on the following pages to better understand our unique way of shaping out the next generation of students, athletes, and global citizens.

Our Vision & Mission

To change the landscape of high-performance sports training and educate the next generation of athletes. This is accomplished through our world-renowned coaches, our well-established, proven training methodologies, our commitment to high academic standards, our respect for diversity, and our dedication to creating exceptional opportunities for personal growth and optimal potential.

Scott A. Del Mastro M.A. - Director of Operations

Thanks for considering Club Med Academies. CMA is a complete performance training destination dedicated to helping every one of our students athletes prepare themselves for the challenges that life can bring in a safe and innovative environment. We look forward to seeing you on campus.

We are excited to share the unique Club Med Academies experience with you. Our school of learning is different from most, in that we believe that every student must have a discipline of focus when entering into the CMA environment. That discipline or passion is the connecting point for engagement with every student. It’s at this place where the learning process begins. We are strong believers that a dynamic learning culture is achieved when the soft and practical skills of an individual are developed, then applied and measured within a competitive platform.
Building champions is no easy task, however, at CMA we have a proven formula of taking students from start to the finish.

1. **Personal Commitment**
   - Decide to come to CMA and commit to the proven "process"

2. **Set Goals & Make a Plan**
   - Develop a personalized and specific roadmap to success

3. **Competing**
   - Putting the training to the test - when it counts

4. **More Competition**
   - Compete, train, compete, repeat again and again

---

**Assessment**
- Testing and Measurement — Identify individual needs

**Start Training**
- Use CMA’s proven “Methodology” & “Periodization Plan”

**Review & Re-Evaluate Performances**
- More Planning & Goal setting

**Achieve**
- Enjoy the moment!
- Now, let’s get back to work!

---

**INTEGRITY | COURAGE | DISCIPLINE**
At CMA, we mentor students through our sports and education programs, working closely with them to ensure their physical, mental, emotional, and social development. Our coaching staff uses a proven assessment, prescription, application and measurement process to develop our athletes. With our guidance, athletes reach their goals step by step, day by day, and week by week. We offer full-time and weekly programs throughout the year.

**Our Golf Training Program**

Our program consists of two unique training sessions, one in the morning and one in the afternoon. This divided training method allows for students to assimilate instructions more effectively. The morning session includes two hours of skill and technical development. The afternoon session includes course management training and competitive play.

**Learn. Prepare. Perform.**

Our ultimate goal is to make each student aware of their strengths and limitations and to help them establish realistic long- and short-term goals as part of their specifically designed training program.
COACHING

Director - Matt Fields
Matt has over 20 years exclusively working with junior golfers. As the former Director of Golf for the International Junior Golf Academy, Matt has worked alongside top instructors including Hank Haney, Gary Gilchrist and Peter Krause. Over the years Matt has coached and mentored both national and international elite junior golfers.

Matt’s vast knowledge of swing mechanics and exceptional interpersonal skills provide the ideal level and support and guidance desired for his students to reach their full potential. Throughout his career Matt has traveled both domestically and internationally educating coaches and golf training programs.

The Coaching Team
Our coaches are not only trained and certified, they are gifted at helping our players in every aspect of the game. They full participate in the development of the complete student athlete. Whether its extra time before the sunrise at a tournament or late nights reviewing swings or stats. CMA coaches have all played at the highest levels and are dedicated to their student’s success.

“...excellence is a choice...”

Club Med Academies is a gated and fully staffed professional sports academy located on the East coast of South Florida at Club Med Sandpiper Bay resort in the city of Port Saint Lucie, where student’s academic and training facilities, accommodations and dining restaurants are located right onsite.

Students can enroll at CMA on a full-time (year-round) or weekly basis, and select from their choice of boarding or non-boarding options. Full-time and weekly programs are available every week of the year. Additionally, program participants are given the opportunity to train with the best players, and engage regularly in competition, conditioning, mental training, nutritional guidance, video analysis and many other player development processes.

And as active members of CMA, students are automatically included in our Academy Life programming which continually strives to help students become more engaged citizens, not only right on campus but in the larger local and global communities.

By joining the CMA family of staff and students you are committing to lifestyle of excellence in everything that you do. Join us.

SHORT-TIME PROGRAMS

With one of the best most elaborate training camp facilities and programs in the world, Club Med Academies offers training and activity options like no other academy. Students are trained by the same coaches using the same methodology as in our full-time program and visiting students are integrated directly into our regular program throughout the year. We are open 365 days a year so students can continue their training anytime. Come for a week, come for two, or even come for an entire summer. Boarding and non-boarding options available. We have summer camps, holiday camps, pre-competition camps, and weekly intensive camps for those that need a push to get to the next level. Just decide what option is best and we will schedule it.

Learn a Language at Camp

The CMA Language Program is designed to develop listening, reading, speaking and writing skills in short periods of time. Because of our unique training environment and individualized assessment method we are able to relate language acquisition to real life by immersing the students into their activities throughout the campus. They get to practice their English during sport, at the restaurant, while sailing or paddle boarding at the beach, or even during the nightly performances in the main theater. More practice, more people, more learning, more fun.
ASSESSMENT METHOD

OBJECTIVE BENCHMARKS ASSESSMENT:
ATP, WTA, ITF or USTA Rankings
UTR Ratings vs Age

SUBJECTIVE PARAMETERS ASSESSMENT:
Awareness Recognition & Reaction – How does the student perceive incoming balls?

Short Tolerance – Ability to keep a live ball rally going with a minimum target of 30 balls in a row.

Decision Making – What does the student do with the incoming balls that they receive (neutralize, defend or take the offensive)?

Tennis Maturity – When did the student start practicing? How often does the player practice (frequency)? How long does the player usually play for within each practice (duration)? What amount of focus and energy does the player exhibit within given practices (intensity)?

Competitive Competency – When did they start competing? How many tournaments does the player play per month/year?

Foot Work – What is the student’s mastery level of the Movement Cycle – split step, first step, adjustment step(s), recovery step(s)? Split steps on time. Reaction and first step.

Technical Acuity – Grip selection for each stroke, stability and conformity of each stroke swing, consistency of contact point, ball speed and racquet head acceleration.
We train our students using a specialized and proven Developmental Curriculum and Periodization Method designed to maximize our athlete's performance. The Periodization Training Method divides the overall program into specific and distinct periods, so improvements are made step by step, month to month, and year to year. We plan the student's Periodization program beginning with their goals for the distant future and working backwards to the present. Using this Method our students make the greatest improvements in the shortest amount of time (developmental efficiency), while also having fun, preventing injuries, and staying mentally and physically fresh.

**Golf Specific Training**

*Includes Golf testing, competition planning/scheduling, training phase, technical development, strategic/tactical training, and training on multiple surfaces.*

**Physical & Mental Conditioning / Nutrition**

*Focuses on nutrition, physical and mental conditioning, endurance, strength, motor skills, training load, speed, agility, balance, flexibility, running mechanics, aerobic power, anaerobic power, anaerobic capacity and more.*

Our method takes into consideration the different needs, goals and levels of the players, from the novice to the professional athlete. Our Periodization Method is divided into three cycles: the Macro Cycle (the long-term plan), the Mezzo Cycle (partial planning in the short term, keeping in mind the overall objective of the Macro Cycle), and the Micro Cycle (includes the fundamental parts of the training). During the Micro Cycle, we organize the sessions in accordance to the biological results of the athlete.

*We’re proud to say that all of our high-performance coaches are certified with our expert-backed system and methodology.*
At Club Med Academies, you will get fit! Our performance coaches are dedicated to help prepare your body, physically, mentally, and nutritionally to perform at the highest level during sport competition. Our training process is a comprehensive approach, which includes methods that align with proven scientific principles, promotes long term athletic development, and provides an objective based plan that ensures continuous individual growth and success.
At CMA we believe that competition is the foundation of high-performance development. That is why we compete every day. The more you compete, the more you learn, the more you learn the better you perform. It is that simple.

We compete using a combination of competitive platforms to maximize your ultimate results:

- American Junior Golf Association (AJGA)
- Florida Junior Golf Tour (FJT)
- Hurricane Junior Golf Tour (HJGT)
- Future Champions Junior Golf Tour (FCWT)
ACADEMICS

CMA is different than most schools. Because of its custom individualized approach, CMA is committed to understanding the goals of the family, as well as the student, throughout the admissions process. Due to our blended approach, CMA is able to offer many options in the various areas of specialty. Which means that the student has flexibility in determining and adjusting their learning journey while enrolled in the Academy. CMA’s calendar is from August to the end of May. However, CMA offers rolling admissions, allowing a student to join the academy in the fall, spring, or summer semesters.

Admissions Process – Path to Graduation

Step 1 – Schedule Meeting with Admissions Specialists
Step 2 – Submit Enrollment Application
Step 3 – Application Review & Approval Process
Step 4 – Transcript Review
Step 5 – Request for More Information (if necessary)
Step 6 – Acceptance
Step 7 – Academic Plan Created (Schedule of Course to Graduation)
Step 8 – Academic Plan Validated
Step 9 – Classes Begin
Step 10 – Graduation

What’s Next?

At its foundation, CMA is a College Preparatory program and pathway to Higher Education. Our track record for preparing student athletes for post high school studies and competition is extensive. Having been in the College Placement arena for over 40 years we have been fortunate to place thousands of students into top schools around the country. From all three NCAA Divisions (I, II, and III) and from Stanford to the Ivy League, our student’s athletes have gone on to become some of the best professionals in sport, business and life.
With the mission of building not only sports stars but, quality individuals, our Academy Life team is dedicated to working above and beyond the call of duty to make sure that the students in their care are well taken care of every single day. From early morning wake-up calls, to evening head-counts and lights out, there is never a dull moment here at the academy. The academy and it’s students are always on the move, and our team is right there with them every step of the way.

The Academy Life team believes in influencing the growth and development of each student and athlete through a holistic approach. They work closely with faculty, coaches, staff, and the community to build a stimulating, inclusive educational and training environment. They believe in setting an example in integrity, courage, discipline.

The Academy Life Program & Curriculum is specifically designed to complement the other academic and sport training programs, focusing on additional personal development characteristics such as communication skills, punctuality, time management, personal hygiene and creativity to name a few.
